What is the Community Grants Program?

The Community Grants Program (CGP) is administered by the Office of Multicultural Interests (OMI), within the Department of Local Government, Sport and Cultural Industries (DLGSC).

The program provides funding to empower culturally and linguistically diverse (CaLD) communities in Western Australia to design, deliver and partner on projects that address their needs.

The CGP supports CaLD community-led activities that:

- celebrate and promote Western Australia's cultural diversity.
- build the capacity of individuals, families and communities to contribute to the civic and economic life of the State.
- improve the accessibility and effectiveness of services.

Festivals (up to \$50000)

Funding is available for events that provide a range of cultural experiences and activities that celebrate the cultural identity of CaLD communities.

The event must be free or low cost, widely accessible and able to attract broad participation and attendance.

Eligibility

Applicant organisations must:

- be either a CaLD community association or a community service organisation specifically established to provide services or advocacy for culturally and linguistically diverse communities.
- be a not-for-profit organisation or community association incorporated under the *Associations Incorporation Act 2015* and be based in Western Australia.

Unincorporated not-for-profit associations and community groups based in Western Australia may apply under the auspices of an eligible organisation* able to accept legal and financial responsibility for the project. Please see the Auspice Guidelines on the Community Grants Program page at www.omi.wa.gov.au.

Organisations that undertake child-related work or activities have a duty of care to keep children and young people (those aged under 18 years) safe from harm. This includes complying with the *Working with Children Check (Criminal Record Checking) Act 2004*.

Organisations are required to commit to continuous improvement in the area of child safeguarding aligned to the *National Principles for Child Safe Organisations** to be eligible for funding. The organisation may be required to complete the *Child Safeguarding Self-Assessment* as provided by the Department.

For further information please go to the Community Grants Program page at www.omi.wa.gov.au.

Who is not eligible?

- Local**, State and Commonwealth Government agencies.
- Unincorporated not-for-profit organisations.
- Commercial or for-profit organisations.
- Educational institutions/agencies including schools, universities and TAFE colleges.
- Individuals.
- Political organisations.

**OMI may accept applications from regional local government authorities where there is no other suitable organisation to apply for or auspice the grant.

What applications cannot be supported?

Funding cannot be considered for activities that:

- have already taken place
- would be more appropriately supported through an alternative funding source
- are solely for fundraising activities
- are taking place outside of Western Australia
- are primarily of a religious nature
- celebrate national days, independence days or commemorative events.

Applications from organisations with outstanding reporting with OMI may not be considered for assessment.

Assessment criteria

Applications will be assessed against the criteria and weightings outlined below.

Purpose 40%

- The application demonstrates that the festival is publicly accessible and is actively promoted to the wider Western Australian community.
- The application demonstrates that the festival celebrates the cultural identity of one or more CaLD communities.

Community support 30%

- The application demonstrates that the festival is supported by the community.
- The application demonstrates the delivery of the festival is led by the community.

Organisational capacity 30%

- The application demonstrates the organisation has the skills and experience to deliver the event and manage identified risk.
- The application demonstrates the event is supported by a sound budget, event and promotional plan.

Funding is allocated in line with the principles of:

- equity: providing fair and equitable distribution of funding across CaLD communities, types of projects, and regions of Western Australia
- quality and value for money: achieving the best use of resources to maximise funding value.

What is the application process?

As part of the planning process, the organisation should contact OMI's Community Engagement team to discuss their activity before commencing the application.

Community Engagement Officers work with community groups and organisations to assist with project planning and development. They can provide guidance on the application and make sure it contains all the required information in readiness for submission.

Timing

Timeframes for the application and approval process need to be considered by the organisation when planning the project. The process takes up to four months from submission to approval. It may take longer if the application requires further development or there is outstanding information. Applicants should seek advice from the Community Engagement Officer on timeframes for application submission based on the stage of development of the project.

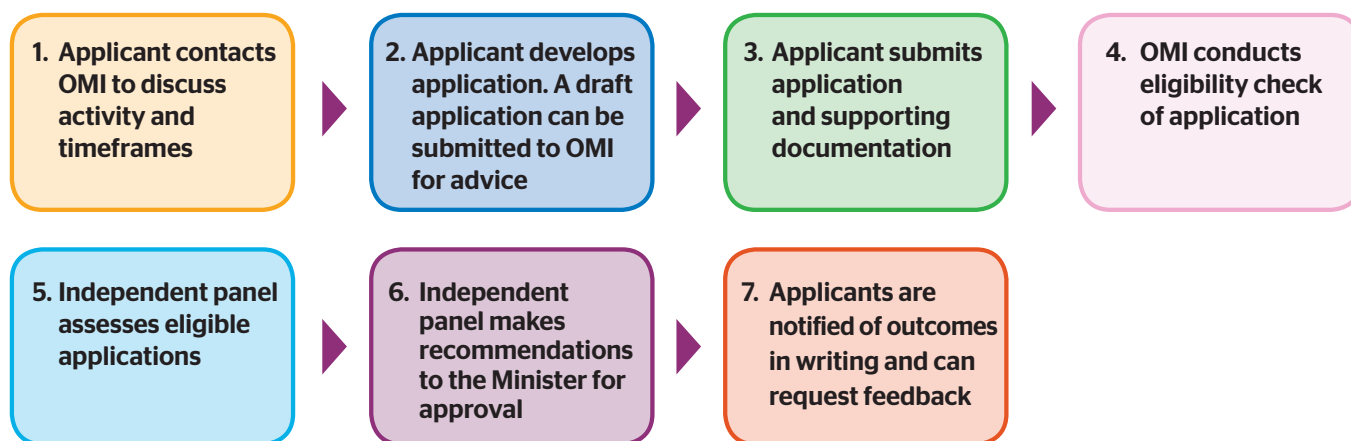

Prior to application assessment, OMI conducts an applicant eligibility check to ensure the application can be considered for funding.

What is the approval process?

Applications are subject to a competitive assessment by an independent panel against the assessment criteria and the general guidelines of the program, taking into consideration the funding principles (see Page 3). Recommendations from the panel are submitted to the Minister for Citizenship and Multicultural Interests for approval.

Once the outcomes of the assessment are released, applicants can seek feedback on their application.

Funding is highly competitive and limited. Should your organisation be offered a grant, the amount of funding approved may be less than the amount requested in your application. In this case grant recipients will be asked to revise their budget and project in line with the funding offered, or to secure funding from another source.
