What is the Community Grants Program?

The Community Grants Program (CGP) is administered by the Office of Multicultural Interests (OMI), within the Department of Local Government, Sport and Cultural Industries (DLGSC).

The program provides funding to empower culturally and linguistically diverse (CaLD) communities in Western Australia to design, deliver and partner on projects that address their needs.

The CGP supports CaLD community-led activities that:

- celebrate and promote Western Australia's cultural diversity
- build the capacity of individuals, families and communities to contribute to the civic and economic life of the State
- improve the accessibility and effectiveness of services.

Strategic Projects (up to \$50,000)

Strategic Projects funding is available for CaLD community groups and organisations for capacity building projects that benefit CaLD communities including those from new and emerging communities, women, seniors, young people and regional communities.

Funding is available for projects that may relate, but are not limited to the following focus areas:

- family and domestic violence prevention
- parenting
- employment and skills development
- leadership
- financial literacy
- health and wellbeing
- support for regional communities.

Definition of culturally and linguistically diverse (CaLD)

Culturally and linguistically diverse (CaLD) was introduced in 1996 to replace 'non-English speaking background' (NESB) and was intended to be a broader, more flexible and inclusive term. It is generally applied to groups and individuals who differ according to religion, language and ethnicity and whose ancestry is other than Aboriginal or Torres Strait Islander, Anglo Saxon or Anglo Celtic.

Eligibility

Applicant organisations must be either a CaLD community association or a CaLD community service organisation.

Definition of a CaLD community association

To be classified as a culturally and linguistically diverse (CaLD) community association, the association must demonstrate and provide evidence that they meet the following criteria:

1. The association is incorporated under the *Western Australia Associations Incorporation Act 2015*.
2. The objectives of the association (in the association's Constitution or Rules) clearly state that it is specifically established to represent and promote the interests of a CaLD community with a shared country/continent of ancestry, ethnicity, culture, language or religion.
3. The Management Committee or Board of the association predominately reflects the intended CaLD community and is elected by members of that community to represent the community.
4. The association's membership comprises individuals or other groups representative of that CaLD community.

Definition of a CaLD community service organisation

To be classified as a culturally and linguistically diverse (CaLD) community service organisation, the organisation must demonstrate and provide evidence that they meet the following criteria:

1. The association is incorporated under the *Western Australia Associations Incorporation Act 2015*, or is a not-for-profit organisation based in Western Australia.
2. The objectives of the organisation (in the organisation's Constitution or Rules) clearly state that it is specifically established for and its core business and focus is to either:

- provide support and deliver services and programs to CaLD communities; or
- represent and advocate for the interests of CaLD communities.

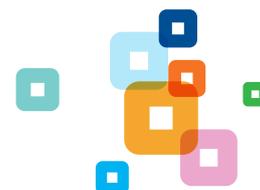

3. The organisation has ongoing operational resourcing and employs paid staff.
4. The Management Committee or Board and staffing profile of the organisation reflects CaLD communities, and it has a commitment to workforce training in cultural competency.
5. The organisation has internal policies and procedures that demonstrate a commitment to multiculturalism and cultural diversity.

An organisation that engages with CaLD communities as an incidental service is not eligible.

Auspice arrangements are not accepted for applications to the Strategic Projects category.

What is the application process?

As part of the planning process, the organisation should contact OMI's Community Engagement and Funding team to discuss their project and confirm their eligibility before commencing the application.

OMI team members work with community groups and organisations to assist with project planning and development. They can provide guidance on the application and make sure it contains all the required information in readiness for submission.

Applicants are required to complete a strategy planning tool prior to starting the application process. The strategy planning tool provides an overview of the project and how it fits into a broader strategy or plan to deliver long-term benefits for the community. The tool is a starting point for discussions with an OMI team member, assists in planning and can be a useful resource to guide consultation with other funding bodies or partners in the project.

OMI team members will work with applicants to complete the strategy planning tool and ensure that the project meets the funding requirements before they provide the applicant with an application form. OMI team members can then continue to assist applicants in the development of the project

and provide guidance on preparing the application in readiness for submission. The strategy planning tool will form part of the final application and will be assessed by an independent panel.

The strategy planning tool can be downloaded from the 'Community Grants Program' page at www.omi.wa.gov.au

All applicants will be required to identify any risks relevant to the project as a result of **COVID-19** (such as health restrictions on public gatherings) and provide their strategies for mitigation. For further information please go to www.wa.gov.au/government/covid-19-coronavirus

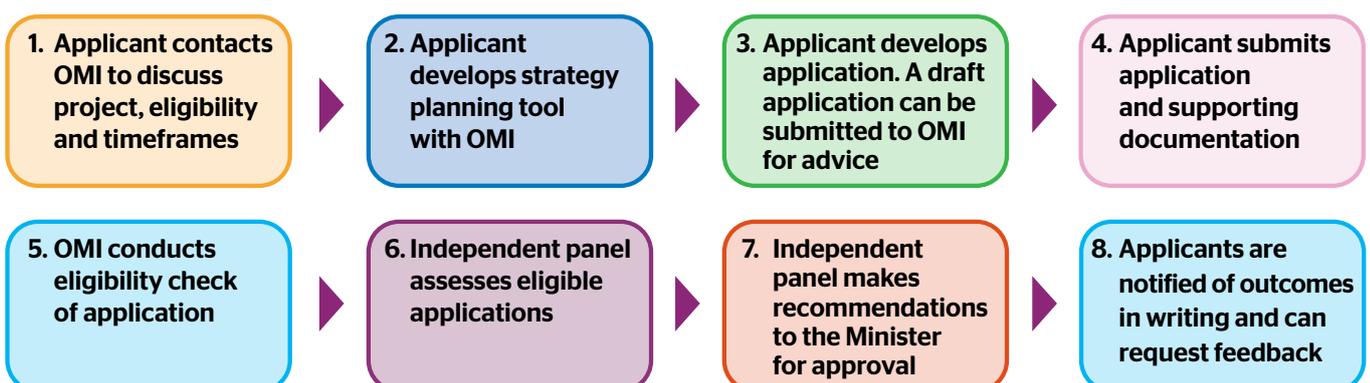

Timeframes for the application and approval process need to be considered by the organisation when planning the project. The process takes approximately four months from submission to approval. If the application requires further development or there is outstanding information, it may take longer. Applicants should seek advice from an OMI team member on timeframes for application submission based on the stage of development of the project.

What is the approval process?

Applications are subject to a competitive assessment by an independent panel against the assessment criteria and the general guidelines of the program, taking into consideration the funding principles (see Page 3). Recommendations from the panel are submitted to the Minister for Citizenship and Multicultural Interests for approval.

Once the outcomes of the assessment are released, applicants can seek feedback on their application.

Funding is highly competitive and limited. Should your organisation be offered a grant, the amount of funding approved may be less than the amount requested in your application. In this case grant recipients will be asked to revise their budget and project in line with the funding offered, or to secure funding from another source.
