MESSAGE FROM THE PRESIDENT

THE WESTERN AUSTRALIA MULTICULTURAL ASSOCIATION INC.

The WAMA Committee we would like to congratulate all of the performers and the hard work rendered by the mentors, teachers and parents for making this Multicultural Youth Talent Quest a reality on its seventh year.

Encouraging the talents of the young is the major objective of the MYTS.

Seeing these young people from diverse multicultural backgrounds showcasing their talents, be it in music, singing or dancing helps in giving them a drive and fulfillment in life. It is a sign of an harmonious community in Western Australia.

We would like to thank Pyasee Shah for co-ordinating this year's event. Once again thank you to all our Committee members and Volunteers for bringing together this worthwhile event.

Franco Smargiassi

MESSAGE FROM MINISTER HON. DR TONY BUTI MLA

It is with great pleasure that I extend my best wishes to the Western Australia Multicultural Association for the Multicultural Youth Talent Quest 2021.

This wonderful community event plays an important role in maintaining and nurturing cultural identity and empowering young Western Australians to take pride in their diverse cultural heritage.

This annual event continues to unearth and showcase an impressive range of talents found within our many culturally diverse communities.

The Multicultural Youth Talent Quest highlights and celebrates the successful cultural diversity we enjoy here in Western Australia and conveys the best principles of community and multiculturalism.

The McGowan Government recognises and celebrates our cultural diversity as one of our State's greatest strengths.

I would like to acknowledge all the performers for sharing their creative gifts and for their contribution to making this year's talent quest a memorable event.

I wish you every success for the Multicultural Youth Talent Quest 2021 and for your future endeavours.
