

READ PLAY GROW

A 6 week program for parents with children aged between 0 - 3 years exploring the everyday ways to support your child's development. This program includes a 1 hour information session and 1 hour activity session with the children.

During each session, we will explore:

- How rapidly your child's brain grows and changes in the first three years.
- How to read the signs when your child's emotions are escalating and strategies to help cope with this.
- Reading and number fun.
- Learning through play.
- Life skills and routines.
- Safety at home and in the community.
