Total	444	96	130	137	96	903

Note:

- Languages are listed in order of highest number of speakers. Those languages are listed for which at least a total of 10 or more speakers.
- Cells in this table have been randomly adjusted by the ABS to avoid the release of confidential data. The ABS advises that no reliance should be placed on small cells.
- 'nec' refers to responses which are 'not elsewhere classified' and 'nfd' refers responses that are 'not further defined' as defined by the ABS. Further details of the classifications of languages and the use of supplementary codes can be found on the ABS website.
